From science to health

2nd symposium of FOCIS Center of Excellence PAn'THER Autoimmunity and cellular immunotherapy of cancer

Symposium coordinator: Jérémie Martinet ; FCE director: Olivier Boyer ; FCE deputy director Catalina Abad

under the auspices of Association pour la recherche sur les pathologies du système immunitaire

September 26th 2024
Bâtiment Stewart - UFR Santé - Rouen, France

8h30-9h00 **Registration and coffee**

9h00-9h15 **Welcome and introduction** Jérémie Martinet (PAn'THER FCE, Rouen, France)

9h15-12h15 **Cancer cellular immunotherapy** (Chair: Jose Cohen, FCE Mondor, Créteil, France)

9h15-9h45 **Does the immune system mistake tumors for fetuses? Implications for T cell immunotherapy.**
David Klatzmann (Paris, France)

9h45-10h15 **Radiation combination therapy for improving CAR T cell efficacy in heme malignancy.**
Monica Guzman (Weill Cornell Medicine, NY, USA)

10h15-10h45 **Unexpected role of glucocorticoids in promoting resistance in B-ALL.**
Souleymane Abdoul-Azize (PAn'THER FCE, Rouen, France)

10h45-11h15 **Poster visit / Coffee break**

11h15-11h45 **Spatial biology helps to identify CAR target candidates against pancreatic adenocarcinoma.**
Daniel Schäfer (Miltenyi Biotec, Bergisch Gladbach, Germany)

11h45-12h15 **New techniques: *in ovo* evaluation of cancer immunotherapy.**
Melody Caillot (Becquerel cancer center, Rouen, France)

12h15-13h45 **Poster visit / Lunch break**

13h45-14h30 **Presidential address: New tolerogenic strategies in organ transplantation and autoimmunity.**
Ignacio Anegón, President of FOCIS (Inserm U1064, Nantes, France)

14h30-17h30 **Autoimmunity** (Chair: Olivier Benveniste, AP-HP, Paris, France)

14h30-15h00 **New insights in myositis pathophysiology.**
Werner Stenzel (Charité, Berlin, Germany)

15h00-15h30 **Immune checkpoint inhibitor (ICI) induced myositis.**
Yves Allenbach (Inserm U974, Paris, France)

15h30-16h00 **Poster Visit / Coffee Break**

16h00-16h30 **A pathogenic role for myositis autoantibodies?**
Andrew Mammen (NIH, Bethesda, USA)

16h30-17h00 **Targeted therapies in immune-mediated necrotizing myopathies.**
Olivier Boyer (PAn'THER FCE, Rouen, France)

17h00-17h30 **New targets in complement therapy.**
Marie-Agnès Dragon-Durey (HEGP, Paris, France)

17h30-17h40 **Young investigator poster award** Jérémie Martinet (PAn'THER FCE, Rouen, France)

17h40-17h45 **Closing remark** Catalina Abad (PAn'THER FCE, Rouen, France)

Registration only, request an invitation here: <https://irib.univ-rouen.fr/?info=forms&id=26>

With the kind support of
