

16^{ÈME} JOURNÉE INTERDISCIPLINAIRE DU MUSCLE INFLAMMATOIRE (JIMI)

3RD INTERNATIONAL MEETING OF JIMI

*Amphithéâtre de l'Institut de Myologie
Hôpital Pitié-Salpêtrière
85 Boulevard de l'Hôpital, Paris*

PREAMBLE

The Interdisciplinary Inflammatory Muscle Day (Journée Interdisciplinaire du Muscle Inflammatoire (JIMI)) will bring together on September 19, 2025, for the 16th consecutive year, neurologists, rheumatologists, internists, pediatricians, pathologists, biologists involved in the management of inflammatory myopathies, and representatives of patient organizations.

For 3 years now, this day is co-organized by colleagues experts in myositis from America (USA, Canada), Germany and France.

The programme will include case presentations with pathology-clinical confrontations, interspersed with focus lectures.

The JIMI will be preceded on September 18, 2025 by an evening dedicated to young researchers who will present their work in a short format to stimulate discussions and advices...
